- (2) Where a direction is given under paragraph (1) and trees on the relevant land are felled (pursuant to the consent), the owner of that land shall replant it in accordance with the direction.
- (3) A direction under paragraph (1) may include requirements as to—
- (a) species;
 - (b) number of trees per hectare;
 - (c) the preparation of the relevant land prior to the replanting; and

9.

(d) the erection of fencing necessary for the protection of the newly planted trees.

(1) If, on a claim under this article, a person establishes that loss or damage has been caused or incurred in consequence of—

(a) the refusal of any consent required under this Order; or

(b) the grant of any such consent subject to conditions,

he shall, subject to paragraphs (3) and (4), be entitled to compensation from the authority.

(2) No claim, other than a claim made under paragraph (3), may be made under this article—

(a) if more than 12 months has elapsed since the date of the authority's decision or, where such a decision is the subject of an appeal to the Secretary of State, the date of the final determination of the appeal; or

(3) Where the authority refuse consent under this Order for the felling in the course of forestry operations of any part of a woodland area, they shall not be required to pay compensation to any person other than the owner of the land; and such compensation shall be limited to an amount equal to any depreciation in the value of the trees which is attributable to deterioration in the quality of the timber in consequence of the refusal.

 - (c) for loss or damage reasonably foreseeable by that person and attributable to his failure to take reasonable steps to avert the loss or damage or to mitigate its extent; or
 - (d) for costs incurred in appealing to the Secretary of State against the refusal of any consent required under this Order or the grant of any such consent subject to conditions.
- (5) Subsections (3) to (5) of section 11 (terms of compensation on refusal of licence) of the Forestry Act 1967 shall apply to the assessment of compensation under paragraph (3) as it applies to the assessment of compensation where a felling licence is refused under section 10 (application for felling licence and decision of Commissioners thereon) of that Act as if for any reference to a felling licence there were substituted a reference to a consent required under this Order and for the reference to the Commissioners there were substituted a reference to the authority.
- (6) In this article—
- “development value” means an increase in value attributable to the prospect of development; and, in relation to any land, the development of it shall include the clearing of it; and
- “owner” has the meaning given to it by section 34 of the Forestry Act 1967.
