The Borough Council of Castle Morpeth in this Order called "the Authority", in pursuance of the powers conferred in that behalf by Sections 198, 201 and 203 of the Town and Country Planning Act 1990, hereby make the following Order:-

1. In this Order:-

"the Order"	means The Borough of Castle Morpeth (North Low House, Whalton) Tree Preservation Order 2007
"the Act"	means the Town & Country Planning Act 1990.
"the Owner"	means the owner in fee simple, either in possession or who has granted a lease or tenancy of which the unexpired portion is less than three years; lessee (including a sub-lessee) or tenant in possession, the unexpired portion of whose lease or tenancy is three years or more; and a mortgagee in possession; and
"the Secretary of State"	means the Secretary of State for the Environment.

2. The authority hereby direct that section 201 (provisional tree preservation orders) shall apply to this Order and, accordingly, this Order shall take effect provisionally on 5th April 2007.

3. Subject to the provisions of this Order and to the exemptions specified in the Second Schedule hereto, no person shall, except with the consent of the Authority and in accordance with the conditions, if any, imposed on such consent, cut down, top, lop, uproot, wilfully damage or wilfully destroy or cause or permit the cutting down, topping, lopping, uprooting, wilful damage or wilful destruction of any tree specified in the First Schedule hereto or comprised in a group of trees or in a woodland therein specified, the position of which trees, groups of trees and woodlands is defined in the manner indicated in the said First Schedule on the map annexed hereto, which map shall, for the purpose of such definition as aforesaid, prevail where any ambiguity arises between it and the specification in the said First Schedule.

4. An application for consent made to the Authority under Article 2 of this Order shall be in writing stating the reasons for making the application, and shall by reference if necessary to a plan specify the trees to which the application relates, and the operations for the carrying out of which consent is required.

5. (1) Where an application for consent is made to the authority under this Order, the

Authority may grant such consent either unconditionally, or subject to such conditions (including conditions requiring the replacement of any tree by one or more trees on the site or in the immediate vicinity thereof) as the Authority may think fit, or may refuse consent.

Provided that where the application relates to any woodland specified in the First Schedule to this Order the Authority shall grant consent so far as accords with the principles of good forestry, except where, in the opinion of the authority, it is necessary in the interests of amenity to maintain the special character of the woodland or the woodland character of the area, and shall not impose conditions on such consent requiring replacement or replanting.

- (2) The Authority shall keep a register of all applications for consent under this Order containing information as to the nature of the application, the decision of the Authority thereon, any compensation awarded in consequence of such decision and any directions as to replanting of woodlands; and every such register shall be available for inspection by the public at all reasonable hours.

6. Where the Authority refuse consent under this Order or grant such consent subject to conditions they may when refusing or granting consent certify in respect of any trees for which they are so refusing or granting consent that they are satisfied:-

- (a) that the refusal or condition is in the interests of good forestry; or
- (b) in the case of trees, other than trees comprised in a group of trees or in a woodland, that the trees have an outstanding or special amenity value; or
- (c) in the case of trees which are comprised in a group of trees or in a woodland, that the group of trees or the woodland, as the case may be, has an outstanding or special amenity value,

but a certificate shall not be given in the case of trees falling within (c) above if the application in respect of them has been referred by the Forestry Commissioners under Section 15 (1) (b) or 15(2) (a) of the Forestry Act 1967.

7. (1) Where consent is granted under this Order to fell any part of a woodland other than consent for silvicultural thinning then unless:-

- (a) such consent is granted for the purpose of enabling development to be carried out in accordance with a permission to develop land under Part III of the Act, or
- (b) the Authority with the approval of the Secretary of State dispense with replanting, the Authority shall give to the owner of the land on which that part of the woodland is situated a direction in writing specifying the manner in which and the time within which he shall replant such land and where such a direction is given and the part is felled the owner shall, subject to the provision of this Order and Section 204 of the Act, replant the said land in accordance with the direction.

- (2) Any direction given under paragraph (1) of this Article may include requirements as to:-

- (a) species
- (b) number of trees per acre (hectare)
- (c) the erection and maintenance of fencing necessary for protection of the replanting
- (d) the preparation of ground, draining, removal of brushwood, lop and top; and

9. The provisions set out in the Third Schedule to this Order, being provisions of Part III of the Act adapted and modified for the purposes of this Order, shall apply in relation thereto.

10. (1) If, on a claim under this article, a person establishes that loss or damage has been caused or incurred in consequence of:-

- (a) the refusal of any consent required under this Order; or
- (b) the grant of any such consent subject to conditions, he shall, subject to paragraphs (3) and (4), be entitled to compensation from the authority.

(2) No claim, other than a claim made under paragraph (3), may be made under this article:-

(3) Where the authority refuse consent under this Order for the felling in the course of forestry operations of any part of a woodland area, they shall not be required to pay compensation to any person other than the owner of the land; and such compensation shall be limited to an amount equal to any depreciation in the value of the trees which is attributable to deterioration in the quality of the timber in consequence of the refusal.

(4) In any other case, no compensation shall be payable to a person:-

- (a) for loss of development value or other diminution in the value of the land;
 - (b) for loss or damage which, having regard to the statement of reasons submitted in accordance with article 6(c) and any document or other evidence submitted in support of any such statement, was not reasonably foreseeable when consent was refused or was granted subject to conditions;

 - (d) for costs incurred in appealing to the Secretary of State against the refusal of any consent required under this Order or the grant of any such consent subject to conditions.
- (5) Subsections (3) to (5) of section 11 (terms of compensation on refusal of licence) of the Forestry Act 1967 shall apply to the assessment of compensation under paragraph (3) as it applies to the assessment of compensation where a felling licence is refused under section 10 (application for felling licence and decision of Commissioners thereon) of that Act as if for any reference to a felling licence there were substituted a reference to a consent required under this Order and for reference to the Commissioner there were substituted a reference to the authority.
- (6) In this article -
“development value” means an increase in value attributable to the prospect of development; and, in relation to any land, the development of it shall include the clearing of it; and
“owner” has the meaning given to it by section 34 of the Forestry Act 1967.
11. Any question of disputed compensation shall be determined in accordance with the provisions of Section 205 of the Act.

If a tree is removed, uprooted or destroyed in contravention of an Order or, except in the case of a tree to which the Order applies as part of a woodland, is removed, uprooted or destroyed or dies at a time when its cutting down or uprooting is authorised only by Section 198 (6) (a) of the Town and Country Planning Act 1990 relating to trees which are dying or dead or have become dangerous, it is the duty of the owner of the land, unless on his application the local planning authority dispense with the requirement, to plant another tree of appropriate size and species at the same place as soon as he reasonably can. Except in emergency, not less than 5 days previous notice of the removal etc, should be given to the Authority to enable the latter to decide whether or not to dispense with the requirement. In respect of trees in a woodland it is sufficient to replace the trees removed, uprooted or destroyed by planting the same number of trees either on or near the land on which the trees removed, uprooted or destroyed stood or on such other land as may be agreed between the Authority and the owner of the land, and (in either case) in such places as may be designated by the Authority.

 - (a) by or at the request of the Post Office where the land on which tree situated is land which has been acquired for the purpose of the Post Office's undertaking and either works on such land cannot otherwise be carried out of the cutting down, uprooting, topping or lopping is for the purpose of securing safety in the operation of the undertaking; or the lopping in pursuance of the power conferred on any operator of a telecommunications code system by virtue of paragraph 19 of Schedule 2 to the Telecommunications Act 1984;
 - (b) by or at the request of
 - (i) a statutory undertaker or a holder of a licence under Section 6(1) of the Electricity Act 1989 where the land on which the tree is situated is operational land as defined by the Act and either works on such land cannot otherwise be carried out or the cutting down, uprooting, topping or lopping is for the purpose of securing safety in the operation of the undertaking

 - (iii) the National Rivers Authority or an internal drainage board established under the Water Act 1989, where the tree interferes or would interfere with the exercise of any of the functions of such authority or drainage board in relation to the maintenance, improvement or construction of water courses or of drainage works or a water undertaker or sewerage undertaker appointed under Section 11 of the Water Act 1989 in relation to their duties as such Undertakers; or
