4. (1) Where an application for consent is made to the authority under this Order, the authority may grant such consent either unconditionally, or subject to such conditions (including conditions requiring the replacement of any tree by one or more trees on the site, or in the immediate vicinity thereof), as the authority may think fit, or may refuse consent.

Provided that where the application relates to any woodland specified in the First Schedule to this Order the authority shall grant consent so far as accords with the principles of good forestry, except where, in the opinion of the authority, it is

necessary in the interests of amenity to maintain the special character of the woodland or the woodland character of the area, and shall not impose conditions on such consent requiring replacement or replanting.

(2) The authority shall keep a register of all applications for consent under this Order containing information as to the nature of the application, the decision of the authority thereon, any compensation awarded in consequence of such decision and any directions as to replanting of woodlands; and every such register shall be available for inspection by the public at all reasonable hours.

5. Where the authority refuse consent under this Order or grant such consent subject to conditions they may when refusing or granting consent certify in respect of any trees for which they are so refusing or granting consent that they are satisfied:-

- (a) that the refusal or condition is in the interests of good forestry; or

6. (1) Where consent is granted under this Order to fell any part of a woodland other than consent for silvicultural thinning then unless:-

- (a) such consent is granted for the purpose of enabling development to be carried out in accordance with a permission to develop land under Part III of the Act, or
- (b) the authority with the approval of the Secretary of State dispense with replanting,

the authority shall give to the owner of the land on which that part of the woodland is situated a direction in writing specifying the manner in which and the time within which he shall replant such land and where such a direction is given and the part is felled the owner shall, subject to the provisions of this Order, replant the said land in accordance with the direction.

(2) Any direction given under paragraph (1) of this Article may include requirements as to :-

- (a) species;
- (b) number of trees per acre;
- (c) the erection and maintenance of fencing necessary for protection of the replanting.
- (d) the preparation of ground, draining, removal of brushwood, lop and top; and
- (e) protective measures against fire.

7. On imposing any condition requiring the replacement of any tree under Article 4 of this Order or on giving a direction under Article 6 of this Order with respect to the replanting of woodlands, the authority shall, if such condition or direction relates to land in

respect of which byelaws made by a river authority or a drainage board restrict or regulate the planting of trees, notify the applicant or the owner of the land, as the case may be, of the existence of such byelaws and that any such condition or direction has effect subject to the requirements of the river authority or drainage board under those byelaws and the condition or direction shall have effect accordingly.

8. The provisions set out in the Third Schedule to this Order, being provisions of Part III of the Act adapted and modified for the purposes of this Order, shall apply in relation thereto.

9. Subject to the provisions of this Order, any person who has suffered loss or damage in consequence of any refusal (including revocation or modification) of consent under this Order or of any grant of any such consent subject to conditions, shall, if he makes a claim on the authority within the time and in the manner prescribed by this Order, be entitled to recover from the authority compensation in respect of such loss or damage:

Provided that no compensation shall be payable in respect of loss or damage suffered by reason of such refusal or grant of consent in the case of any trees the subject of a certificate in accordance with Article 5 of this Order.

10. In assessing compensation payable under the last preceding Article account shall be taken of;

- (a) any compensation or contribution which has been paid whether to the claimant or any other person, in respect of the same trees under the terms of this or any other Tree Preservation Order under Section 60 and, if applicable, Section 61 of the Act or having effect as if so made or under the terms of any Interim Preservation Order made under Section 8 of the Town and Country Planning (Interim Development) Act, 1943, or any compensation which has been paid or which could have been claimed under any provision relating to the preservation of trees or protection of woodlands contained in an operative scheme under the Town and Country Planning Act, 1932, and

11. (1) A claim for compensation under this Order shall be in writing and shall be made by serving it on the authority, such service to be effected by delivering the claim at the offices of the authority addressed to the Clerk thereof or by sending it by prepaid post so addressed.

(2) The time within which any such claim shall be made as aforesaid shall be a period of twelve months from the date of the decision of the authority, or of the Secretary of State, as the case may be, or where an appeal has been made to the Secretary of State against the decision of the authority, from the date of the decision of the Secretary of State on the appeal.

12. Any question of disputed compensation shall be determined in accordance with the provisions of Section 179 of the Act.

13. If any person, in contravention of this Order, cuts down or wilfully destroys a tree, or tops or lops a tree in such a manner as to be likely to destroy it, he shall be guilty of an offence under Section 102(1) of the Act and liable on summary conviction to a fine not exceeding £250 or twice the sum which appears to the court to be the value of the tree, whichever is the greater.

Any person contravening the provisions of this Order otherwise than as mentioned in the first paragraph of this Article shall be guilty of an offence under Section 102(2) of the Act and liable on summary conviction to a fine not exceeding £50; and if, in the case of a continuing offence, the contravention is continued after conviction he is guilty of a further offence under Section 102(3) of the Act and liable on summary conviction to an additional fine not exceeding £2 for each day on which the contravention is so continued. If a tree other than one which is part of a woodland is removed or destroyed in contravention of this Order or is removed or destroyed or dies at a time when its cutting down is authorised only by virtue of the provisions of paragraph (3) of the Second Schedule to this Order it shall, under Section 62 of the Act, be the duty of the owner of the land, unless on his application the authority dispense with the requirement, to plant another tree of an appropriate size or species at the same place as soon as he reasonably can and this Order shall apply to any tree so planted as it applied to the original tree.
