CIVIC AMENITIES ACT 1967

The following provisions of Part II of the Civic Amenities Act 1967 came into force on 27th August, 1967 and have effect in relation to tree preservation orders:-

Replacement of trees.

Section 13.- (1) If any tree in respect of which a tree preservation order is for the time being in force, other than a tree to which the order applies as part of a woodland, is removed or destroyed in contravention of the order or is removed or destroyed or dies at a time when its cutting down is authorised only by the provisions of section 29(7) of the Planning Act relating to trees which are dying or dead or have become dangerous, it shall be the duty of the owner of the land, unless on his application the local planning authority dispense with this requirement, to plant another tree of an appropriate size and species at the same place as soon as he reasonably can.

(2) In relation to any tree planted pursuant to this section, the relevant tree preservation order shall apply as it applied to the original tree.

(3) The duty imposed by subsection (1) of this section on the owner of any land shall attach to the person who is from time to time the owner of the land and may be enforced as provided by section 14 of this Act and not otherwise.

Default powers and appeals.

Section 14.- (1) If it appears to the local planning authority that the provisions of section 13 of this Act, or any conditions of a consent given under a tree preservation order which require the replacement of trees, are not complied with in the case of any tree or trees, that authority may, at any time within four years from the date of the alleged failure to comply with the said provisions or conditions, serve on the owner of the land a notice requiring him, within such period as may be specified in the notice, to plant a tree or trees of such size and species as may be so specified.

(2) Subject to the following provisions of this section, a notice under this section shall take effect at the end of such period (not being less than twenty-eight days after the service thereof) as may be specified in the notice.

(3) A person on whom a notice under this section is served may, at any time within the period specified in the notice as the period at the end of which it is to take effect, appeal to the Minister against the notice on the ground-

- (a) that the provisions of the said section 13 or the conditions aforesaid are not applicable or have been complied with;
- (b) that the requirements of the notice are unreasonable in respect of the period or the size or species of trees specified therein;
- (c) that the planting of a tree or trees in accordance with the notice is not required in the interests of amenity or would be contrary to the practice of good forestry;
- (d) that the place on which the tree is or trees are required to be planted is unsuitable for that purpose;

and subsections (2) to (5) of section 46 and section 180 of the Planning Act (procedure and powers of Minister on appeal, and appeals

to the High Court from decision of Minister) shall apply in relation to any such appeal as they apply in relation to an appeal against an enforcement notice.

(4) In section 48 of the Planning Act (execution by local planning authority of works required by an enforcement notice) and in section 49 of that Act (supplementary provisions as to enforcement notices) and any regulations in force under that section, references to an enforcement notice and an enforcement notice served in respect of development shall include references to a notice under this section; and in relation to such a notice the reference in subsection (1) of the said section 49 to the person by whom the development was carried out shall be construed as a reference to any person, other than the owner, responsible for the cutting down, destruction or removal of the original tree or trees.

Penalties
